

MIDFIX specialises in onsite and offsite supports for mechanical and electrical industries, delivered through design, engineering, fabrication and industry training; suppliers of cable and pipe supports, fixings, fasteners and ancillary products and the fabrication of cable and pipe support fixings.

The effectiveness of the Quality Management System will be achieved through:

- Consideration of the context of the organisation and aligning the Quality Management System with the strategic direction of MIDFIX.
- Satisfying customer and applicable statutory and regulatory requirements.
- Management of the organisation, along with employee-established quality objectives and defined responsibilities for their fulfillment.
- Establishing, applying, maintaining and continual improvement of the effectiveness of Quality Management System in accordance with the international Standard ISO 9001:2015.
- Continual enhancement of customers satisfaction.
- Tracking and applying new technologies and educating employees.
- Careful selection and assessment of suppliers.
- Commitment to increase the quality of products and services in order to completely satisfy customers expectations.
- Making continuous improvement a part of every day and throughout every activity.
- Continuously improving the Quality Management System in all process activities of the business.

This Quality Policy is communicated to all persons working for or on behalf of the organisation and is made available to the public if requested.

This Quality Policy is endorsed by the Executive Management of MIDFIX.
